### 20/40/60 min push-button timer

Product #: 415519

A 20/40/60 minute push-button timer that is compatible with all Greentek Heat/Energy Recovery Ventilators (H/ERVs). This control activates the system on maximum ventilation for either 20, 40, or 60 minutes depending on your selection. Afterwards, it returns to the predetermined setting.

#### Features

- Single push button control to simplify ventilation needs
- LED lights that correspond with the pressed button
- No battery to replace
- Limited 2 year warranty

#### Specifications

- External Dimensions: 4  $\frac{1}{8}$  in. (Length) x 1  $\frac{5}{16}$  in. (Width) x  $\frac{17}{32}$  in. (Depth) (104mm x 33mm x 14mm)
- Communication: Proprietary 3 wire interface
- Power: 12Vdc
- Connector: 3 wire screw terminal up to 18 AWG

#### Timer Modes

There are 3 possible timer modes: 20, 40, and 60 minutes. These 3 modes will activate the ventilation system and have it operate on maximum speed for the selected time. Afterwards, it returns to the predetermined setting.

#### Operation Mode

When a mode is selected, the corresponding indicator light will illuminate on the control. Press the button once to operate the system for 20 minutes, press it twice to operate the system for 40 minutes, and press it three times to operate the system for 60 minutes. Press the button four times to set the ventilation system to standby.

#### Plastics

WHITE CWL 9519, Smooth matte surface finish

#### Backplate

Can be mounted using screws on drywall and/or on electrical enclosure NEMA 5-15R (Residential 120Vac single enclosure)
